- General "update" of existing pages - as required throughout year
- Annual documents relating to AGM – re: information before and reports after - as provided by Committee, are posted on the website as they become available
- Monthly Meetings of the WDG – continue
- Book lists – updated as required – this continues
- Links Page reviewed – more added when appropriate
- Membership Page – this is being monitored to see if improvements are required
- Interactive Map - more information is added on an ad hoc basis
- ‘Members Only Page’ to offer extra resources exclusive to members is work in progress
- Kelly’s Southampton Directories (focusing on areas appropriate to our society) will be available to view on the ‘Members Only Page’ in due course, thanks largely to the work carried out by Russell Henson, one of our stewards. Further work on this project continues
- The Group are planning to request financial approval from the Committee for a plug-in for the website called Flex table to allow information (unavailable elsewhere on the internet) for members to access e.g. Kelly’s Compendium and a History of St Mary’s College
- An Online Museum is a project that is still work in progress
- A plan is in place to extend the remit of the Group to include Digital Archives, subject to the consent of the Committee

As stated in the previous year’s report, we will be very happy to receive suggestions for new features from the Committee or BLHS Members.

We would also like to encourage members, who have not yet explored the BLHS website: [www.bitterne.net](http://www.bitterne.net) to take a look. To those who have already investigated the site, we recommend you come back again, as new material is being added regularly.

You may be surprised with how much information of the local area is at your fingertips on this site.

Happy browsing
